### Full & Partial Wedding Planning with Coordination

**Getting** engaged is a very exciting time. You have committed to share the rest of your lives together. It is a time that ought to be remembered and cherished. It is not a time to waste on endless hours researching event venues, vendors and looking for answers. Most couples nowadays are career-oriented and this causes time constraints on coming up with their unique wedding.

**Fabulous** weddings do not "just happen", they are planned!

It's been estimated that the average number of hours spent planning a marriage is between 150-300 hours!!! It's very easy to get overwhelmed by the myriad of details. In light of that, hiring a wedding planner should not be considered a luxury but a necessity! The amount of time, energy and money you spend making attempt to hire all the various aspects of your wedding are much bigger than the fees related to hiring an expert.

**From** the second you get engaged to the moment you wave goodbye as you depart for your honeymoon, House Of BASH will be there every step of the way. We are here to guide, support, and inspire your entire way to the altar.

**We** offer options for your wedding planning needs. Each includes all planning up until the wedding day and the entire coordination of the rehearsal, ceremony, and reception. There is no need to worry even one bit, as we will take care of every last detail for you.
